REAL ESTATE TRANSACTIONS

Main street property is still commanding ready sale and good prices, as evidenced by a sale made Saturday. Through the real estate firm of H. L. Mitchell & Son, Miss Bertha Hinton sold to W. F. Cain, of Little Rock, this county, the two-story brick business house, on Main street, between Fifth and Sixth, occupied by Bruce Holladay and the candy establishment of Misses Holladay. Mr. Cain paid \$16,000 for the property.

THREE INJURED IN AUTOMOBILE ACCIDENT.

In endeavoring to avoid striking an automobile which had been thrown across the pike, by striking a pile of sand, Friday night, another auto occupied by Robert Maybrier, Thurman Hinkle and Roy Boardman, all of Little Rock, this county, was wrecked when it collided with a telephone pole.

The accident happened near the Piper switch, on the Lexington-Paris interurban line, near Hutchison, as the men were returning from the Lexington races. Maybrier received a wound in the forehead, Hinkle had a three-inch gash in the left cheek, and Boardman was badly bruised about the face and head. Passers-by brought the men to the office of Drs. Kenney & Stoeckenger, in this city, where their injuries received attention, and they were able to proceed to their homes. The machine, badly wrecked, was brought to a local garage for repairs.

HIGH SCHOOL ALUMNI MEET.

Business and sentiment combined at the recent meeting of the Paris High School Alumni Association to make it one of the most pleasing of any held in recent years. The meeting was held at the home of Mrs. Hord Mann, with a large attendance. An exchange of school days' reminiscences preceded the business meeting, which had been called for the purpose of making the organization permanent.

Plans were perfected at this meeting for holding the annual banquet and alumni exercises at the Y. M. C. A. on the night of Thursday, June 10, during the High School commencement period. Committees were appointed to have charge of various details of arrangement and carrying out the plans of the Association. It is proposed to extend invitations to the 250 members of the Alumni Association scattered over many States, to attend the banquet.

KENTUCKY WILL ENDORSE COX FOR PRESIDENT.

A victory for Governor James M. Cox and a unified Democracy are the outcome of the country mass conventions held throughout Kentucky, Saturday.

With 103 counties reported giving to Governor Cox 1,279 delegates, with 1,124 uninstructed, 194 of whom are committed by resolutions of the several county conventions or by personal inclination to the Ohio Governor—his victory is assured.

The Ohio chief executive carried the First, Sixth, Seventh, Eighth, Ninth and Tenth districts. That the Fourth and Eleventh districts should be in the Cox column is indicated simultaneously with the passage of resolutions endorsing Governor Cox for the Democratic Presidential nomination.

The State Convention will have a voting strength of 2,705. Senator Camden declared that Governor Cox will have at least 1,800 votes at the convention.

The selection of Senator Johnson N. Camden for the office of National Committeeman from Kentucky was indicated by resolutions endorsing him co-incidental with the instruction of delegates for Governor Cox.

The administration of President Wilson was endorsed by conventions throughout the State and the dilatory tactics of the Republican Congress in consideration of reconstruction legislation and its defeat of the treaty of peace with Germany were condemned in vigorous terms.

BOURBON ENDORSES COX

Pursuant to the call issued by County Chairman W. D. McIntyre, the Democrats of Bourbon met in mass convention at the court house Saturday afternoon at two o'clock. The meeting was called to order by D. C. Lisle, a member of the County Committee, who stated the object for the call. Judge Denis Dundon was selected to preside as chairman, and Dennis V. Snapp, secretary.

A series of resolutions endorsing the administration of President Wilson and condemning the opponents of the League of Nations, were offered by Representative James H. Thompson, and adopted. The resolutions were amended so as to include the list of Democratic United States Senators, who voted against the League of Nations, as unworthy to be called Democrats.

A list of fifty-four delegates and alternates, twelve of whom are women, was approved, to attend the State Convention at Louisville today. The delegates were instructed to vote for Governor James M. Cox, of Ohio, for President, and former U. S. Senator Johnson N. Camden for National Committeeman.

A telegram was read to the convention from Col. P. H. Callahan, of Louisville, congratulating the Democrats of Bourbon county, on the splendid outlook for a united party and the certainty of party success at the polls in November.

The delegates met after adjournment of the convention, and selected Judge Denis Dundon as chairman and J. Quincey Ward, vice-chairman.

Perfect harmony prevailed throughout the convention. A notable feature was the presence in the audience of a large number of women.

The list of delegates and alternates to represent Bourbon county Democracy at the State Convention is as follows:

W. H. Webb, D. D. Cline, E. B. January, E. T. Hinton, James McClure, C. K. Thomas, James M. O'Brien, Pearce Paton, Denis Dundon, J. O. Marshall, Newton Mitchell, Kirby Woods, H. O. Cook, located on High street, between Boone and Fifteenth, will be sold at public outcry on Wednesday, May 12, at 2:00 p. m., by Harris, Speakes & Harris. PARIS HIGH SCHOOL NOTES.

The Paris High School has entered track team to compete for honors at the seventh annual High School track meet to be held on Stoll Field, in Lexington, next Saturday. Prizes will be awarded to the winning team, the participant winning the most points, and to the winners in each event.

Entries have been made for the Latin Tournament to be held in the High School on May 15, as follows: Harrodsburg, Richmond, Louisville Boys' High School, Louisville Girls' High School, Ft. Thomas, Kentucky Wesleyan Academy, Hamilton College, Midway College, Paris and Little Rock. The tournament is attracting the best Latin pupils of the State High Schools.

The department of Home Economics in the Paris High School for the next term will be in charge of Miss Stella Pierson, of Mitchell, South Dakota. Miss Pierson is an honor graduate of the Thomas School of Home Economics at Detroit. She will take a special course of study at the Columbia University this summer. The work in this department at present is in charge of Miss Marrs, who is operating on the Smith-Hughes foundation.

There have been comings and goings recently in High School circles. Miss Elizabeth Roff, teacher of Latin, spent the week-end in Indianapolis, attending the meeting of the Delta Delta fraternity. Miss Reba Lockhart was engaged for the week-end in doing research work in history in the Cincinnati libraries. Prof. Edward Saxon, of Transylvania College, Lexington, visited the School Friday, directing rehearsals of the High School Senior Class play, "Stop, Thief." Superintendent Bosley, of the Danville Schools, was a visitor Friday.

Be sure and have all your Eight Grade pupils come to Paris and take the county diploma examination in May. This diploma will give them free tuition in any County High School next year. Remember, parents, if you fail to have these children take this May examination, they cannot have another opportunity until January, 1921. We are trying to have Bourbon county lead the State in county graduates. We want two hundred county graduates this year. Help us reach the goal.

SHORT CIRCUIT CAUSES AN ALARM OF FIRE.

The fire department was called Sunday afternoon by an alarm from Box 18, to the C. P. Cook grocery, where the smoke-filled room gave promise of a serious fire. Entrance was effected to the building by breaking the glass in the front door. The firemen found on investigation that a short-circuited wire on an electric motor in the cellar had burned out a coil, creating a dense black smoke, which filled the whole building and threatened a serious blaze. The motor current was cut off and further danger averted.

PROPERTY VALUES HAVE INCREASED—HAVE YOU INCREASED YOUR INSURANCE?

In five years building cost has increased 60 per cent; furniture cost 127 per cent; clothing cost 129 per cent. Consequently there has been a great increase in the values covered by the usual policy on "dwelling and contents." The same is true of nearly every other kind of insurable property.

Late increase in values has more than covered depreciation. What was sufficient insurance five years ago may not be half enough now. To you the real value of your property is what it would cost you to replace it.

If you were burned out to-day, would your less draft from the insurance company pay its rightful share of the present cost of replacing your property?

If you haven't enough insurance, permit us to consider with you what amount you should carry.

RELIGIOUS.

—The revival at the Baptist church continues to attract large audiences each day and night, and the interest grows with each service. The pastor, Rev. Arthur Fox, is preaching powerful sermons, and is ably assisted in the musical service by Singing Evangelist James A. Brown.

—Rev. W. V. Cropper, occupied the pulpit at the Methodist church Sunday morning and at the close of the services administered the Sacrament of the Lord's Supper. Rev. C. H. Greer, pastor, spoke at the Georgetown Methodist church Sunday morning. At the Paris Methodist church Sunday night Rev. C. L. Bohon, Presiding Elder of the Frankfort District, preached, and immediately following the services conducted the regular quarterly conference business session.

—There were three more additions to the Christian church at the Sunday morning service, Mrs. F. P. Bedford, of Cypress street, and Miss Mary Bell, daughter of J. W. Bell, making the confession. R. C. Moore, of the South Elkhorn neighborhood, also placed his membership with the church. Mr. Moore recently moved from Fayette county, and now resides on the North Middletown pike. The church choir rendered a beautiful program at the evening service which was very much enjoyed. Several members of the choir were absent on account of illness.

—An impressive service was conducted at the Methodist Church Sunday evening when the newly elected officers of the Paris Epworth League Chapter were installed. Rev. C. H. Greer, pastor, administered the obligation of office-bearing to each candidate. The following is a list of the new officers: President, Mr. Y. H. **KNIGHT SUFFERED
FOR FIFTEEN CENTS**

Petersburg Man Is Entirely Relieved
of Rheumatism By Tak-
ing Tanlac.

"I had rheumatism in all my
joints and my muscles were so stiff
that a sudden movement of any part
of my body caused me to suffer
agony," said J. O. Knight, a well-
known contracting carpenter living
out on Route No. 3, Petersburg,
Virginia.

"For the past fifteen years," con-
tinued Mr. Knight, "I had a con-
stant pain under my left shoulder
blade. I had rheumatic pains all
over my body and my muscles were
all drawn up. I could get in no po-
sition at night that would give me
ease and many a morning I was not
able to go to work. I was also
troubled with a bad case of indi-
gestion, and after every meal I had
burning, grasping pains in my stom-
ach. Gas would bloat me up until I
could hardly breathe and I would of-
ten get so deathly sick at my stom-
ach that I could not stand up. Dizzy
spells would come on me every day
and I became so weak and faintly I
had to lie down until they passed
over. Even after I went to bed
these nauseating spells kept me in
such misery that I could hardly
sleep at all and when I got up I had
a bad taste in my mouth and had no
strength or energy about me.

"As long as I live I will always
feel that I owe a debt of gratitude
to my friend who told me about
Tanlac. I began to improve after
the first few doses and now that I
owe a debt of gratitude to my
friend who told me about Tanlac.
I began to improve after the first
few doses and now that I have fin-
ished my fourth bottle my troubles
have all disappeared. The stiffness
in my joints has left me and I
haven't an ache or pain in my body.
I am enjoying my meals, because I
can eat anything I want without
suffering any bad after-effects
whatever. Gas has stopped forming
altogether and I am never bothered
with those nauseating spells any
more. I get up every morning after
a good night's rest feeling just fine.
I am as sound as a dollar in
every way, and I never miss a single
day from my work. I have gained
eight pounds in weight and am feel-
ing better and stronger than I have
in years. I prize Tanlac above all
medicines, and it will always be a
pleasure for me to recommend it."

Tanlac is sold in Paris at the

Women, Get These Surprising Cooking Facts!

Here are some facts about the "Red Star" oil range, which, if used, will put
your cooking problems on the most efficient and economical basis possible.

**Red Star
Detroit Vapor Oil Stove**

The "Red Star" is entirely different from
ordinary oil burning stoves. It is really a
gas range. It generates own gas from any
grade of kerosene, gasoline or distillate. The
patented eight and one-half pound double
ring flame burner vaporizes all of the heat
units of the fuel and utilizes the energy that
is usually wasted in odor and smoke. The
heavy, iron burner becomes red hot and con-
centrates an intense heat directly under the
utensil. It operates entirely without wicks
or asbestos rings.

**No Wicks! No Smoke!
No Smell! No Trouble!**

Repeated official tests have proven that
the "Red Star" is the quickest, most de-
pendable and economical oil stove on the
market.

It is designed and works like a city gas
stove. A beautiful stove in any kitchen.
Substantially built, easy to clean and to keep
clean.

FOR A WEAK STOMACH.

As a general rule all you need to do is to adopt a diet suited to your age and occupation and to keep your bowels regular. When you feel that you have eaten too much and when constipated, take one of Chamberlain's Tablets.

INSTINCT GAVE HER FIRST SIGN OF ITS MERITS

"The Minute I Tasted Trutona I Said, Here's A Real Medicine. It Proved To Be," Avers Nurse.

LOUISVILLE, KY., May 3, 1920.—Mrs. F. C. Spanner, formerly an emergency nurse at the city hospital, is another well-known Louisville nurse who recommends the use of Trutona, the Perfect Tonic. Like others, Mrs. Spanner not only backs her claims regarding Trutona with several years' experience as a nurse, but she has also taken the Perfect Tonic and knows from actual experience just what it will do.

To read the following statement of Mrs. Spanner is to become convinced of the fact that Trutona is truly a preparation of unusual merit—a medicine worthy of trial no matter how many others have failed to give you relief.

"My system was generally run-down," Mrs. Spanner said. "I had indigestion so bad that I could hardly eat anything. My back would ache frequently and I often had headaches which would be accompanied with dizziness. I felt tired all the time, too, and could hardly do my housework. I'll tell you I was in awful shape."

"I was formerly an emergency nurse at the city hospital and I ought to be able to judge the merits of a medicine when I have had experience with all kinds for years. Well sir, I guess that's why the minute I tasted Trutona I said, 'there's a real medicine all right,' and believe me, it has proven to be."

"I give Trutona credit for making an entirely new woman of me. And Trutona did it after many other medicines had failed. I'm able to eat heartily now and the food digests and doesn't hurt me a bit. I get up in the mornings feeling fine and I'm able to do all of my housework now."

"I do hope that other people, who are suffering from troubles like mine will take the advice of a nurse who knows, and try Trutona."

Trutona is sold in Paris at the People's Pharmacy. (adv)

SUGGESTIONS FOR A CAMPING TRIP

Buy a bottle of Chamberlain's Colic and Diarrhoea Remedy before leaving home. As a rule it cannot be obtained when on a hunting, fishing or prospecting trip. Neither can it be obtained while on board the cars or steamships and at such times and places it is most likely to be needed. The safe way is to have it with you.

LUNAR ECLIPSE VISIBLE HERE SUNDAY NIGHT.

A kindly Providence interposed Sunday night with the weather man and gave Paris people a chance to view the total eclipse of the moon. The celestial performance began exactly at 8:01 o'clock, when the first faint suggestion of the earth's shadow crept across the lower edge of the moon, and continued until 9:41, when the shadow disappeared. The eclipse reached its height about 8:30 o'clock, when the face of the moon was entirely covered by the shadow of the earth. The exhibition was witnessed by hundreds of people in the city. Heavy clouds threatened for a time to spoil the show, but passed away.

An eclipse occurs every year, and is visible from some portion of the earth, but is not visible in Kentucky each year. An eclipse of the moon occurs when the lunar orb passes into the shadow cast by the earth into space. Such an eclipse can occur only when the moon is full.

MAY COURT DAY.

Bright sunshine and clear skies served to draw a fair-sized crowd to the city yesterday, but at the same time the same combination kept a large crowd away. Farmers took advantage of the fine day to forward their work, which has been considerably behind, due to the past two months' of unfavorable weather.

May Court Day in this city was noticeable for a lack of spirit among the people, and there did not seem to be much life in the trading circles. A large number of horses and mules changed hands on the market at fairly good prices. A few Shetland ponies were also in evidence. The horses offered for sale were mostly of the scrub variety and did not find ready takers. Merchants reported business fairly good, plenty of money in circulation, and everybody very optimistic as to the future.

A MONTH OF GLOOM.

From a weather standpoint, the month of April, which ended Friday, was a month almost entirely surrounded and finally captured by the forces of "General Gloom." The records show that only three or four days were the old-fashioned spring days that ought to occur in April. Six days were partly cloudy, and seventeen cloudy. Rain fell on fourteen out of the thirty days of the month. For a large part of the month minimum temperatures ranged between twenty-six and thirty-eight degrees. There was a deficiency of warmth of about 150 degrees for the month. Some days were much worse than the average of five degrees short however.

There was little sunshine—in fact gloom was he lot for weeks of would-be early gardeners and would-be outdoor folks of all kinds.

KENTUCKY WOMEN CAN VOTE FOR PRESIDENT.

Women may vote in Kentucky in the Presidential election in November whether the amendment to the Federal Constitution is ratified or not.

The recent act of the Legislature extending suffrage to women in Presidential elections does not offend the State constitution, in an opinion of Attorney-General Dawson, given to State Banking Commissioner Speer.

Speer inquired if women have a right to participate in the Democratic county conventions to be held on Saturday, May 1, for the purpose of electing delegates to the Democratic State Convention, to be held in Louisville on May 4. On this subject Attorney-General Dawson says: "I am in no position to give you an opinion, as I do not have before me either the call of the party rules under which these conventions are to be held."

SWIFT & CO.'S WEEKLY PRODUCE MARKET REPORT.

Marketing and distribution have been further disturbed this week because of embargoes on many railroads. The situation is slowly improving, but is still far from normal.

Receipts of eggs at primary markets are still light, and with the exception of Chicago, are generally entering current consumption, while the Chicago market is receiving more eggs than are needed for current use.

It is still difficult to move dairy products to Eastern markets; this is especially true of butter. This situation is causing more and more difference between Chicago and Eastern markets, which, no doubt, will adjust itself as quickly as supplies become more plentiful on Eastern markets.

While large supplies of Danish butter were received in the United States early in the month, stock has been sold for current use, but on account of the advance in the rate of exchange and larger demand for Danish butter abroad, it is not likely there will be further heavy shipments in the near future.

Movement of live poultry is still light and prices in Chicago and New York are lower, compared with the previous week.

WHAT IS THE MATTER WITH THAT CHILD?

When Children Grow Pale and Listless Their Blood May Be Weak.

PEPTO-MANGAN MAKES RED BLOOD

Sold By Druggists In Liquid and Tablet Form—Both the Same in Medicinal Quality

When your child loses color, acts and talks without spirit, and does not play like other children, act quickly.

If the condition is no deep-seated disease but merely due to poor blood, give Pepto-Mangan. Gude's Pepto-Mangan is just the tonic for pale, thin children whose blood needs rebuilding. It is a pleasant-tasting, simple combination of exactly the ingredients that increase and enrich the blood.

Beneficial results show almost at once in brighter eyes, blooming cheeks, a sprightly step, and the whole system made more vigorous.

Pepto-Mangan is obtainable in liquid or tablet form, whichever proves most convenient. Both forms possess identical medicinal qualities.

There is but one genuine Pepto-Mangan and that is "Gude's." Ask your druggist for "Gude's" and look for the name "Gude's" on the package. If it is not there, it is not Pepto-Mangan. (adv)

GLASGOW, IT SEEMS, IS LOOKING FOR TROUBLE!

Trouble is bound to come in Glasgow soon, if the following from The Glasgow Times, is an indication: "There has been a great deal of discussion of late regarding moving pictures for Glasgow on Sunday afternoon. Those in favor of the plan argue that it would be beneficial to the town from many angles; that other business houses remain open on Sunday to sell goods; that the show would in no way interfere with church services, and that it would have a wholesome effect and provide people a form of recreation so much needed nowadays. What do you, Mr. Citizen and taxpayer, think of the proposition?"

QUESTION CLEARED UP

Paris Readers Can No Longer Doubt the Evidence.

Again and again we have read of strangers in distant towns who have been cured by this or that medicine. But Paris' pertinent question has always been "Has anyone here in Paris been cured?" The word of a stranger living a hundred miles away may be true, but it cannot have the same weight with us as the word of our own citizens, whom we know and respect, and whose evidence we can so easily prove.

Gco. McCandles, Second street, Paris, says: "My kidneys were inactive and I had backaches. Doan's Kidney Pills put a stop to all the troubles and they gave me complete relief."

NO TROUBLE SINCE. Over four years later, Mr. McCandles said: "I haven't had any need of a kidney remedy since I last endorsed Doan's Kidney Pills. I consider myself permanently cured."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McCandles had. Foster-McMillan Co., Mfrs., Buffalo, N. Y. (adv)

\$150,000,000 EXPENDED FOR NEWSPAPER ADVERTISING.

The volume of national newspaper advertising last year reached \$150,000,000, according to the annual report of the Bureau of Advertising American Newspaper Publishers' Association, recently submitted. The committee in charge of the bureau conducted its annual meeting prior to the annual convention of the association. The average increase in national advertising among members of the bureau during the year was estimated at 70 per cent. in the report.

The increase, the bureau says, seems to be restricted only by the scarcity of paper.

The bureau reported that departments of the United States had spent from \$1,675,000,000 to \$2,000,000 in newspaper advertising in large volume would appear in the summer. It announced that a committee of the National Electric Light Association would report a plan at the next convention in favor of greatly increased newspaper advertising.

ABOUT RHEUMATISM

People are learning that it is only a waste of time and money to take medicine internally for chronic and muscular rheumatism, and about ninety-nine out of a hundred cases are one or the other of these varieties. All that is really necessary to afford relief is to apply Chamberlain's Liniment freely. Try it. It costs but 35 cents per bottle. Large sizes 60 cents.

TRAVELING MEN NOW PREFER THEIR AUTOS:

A number of Paris traveling men were discussing the transportation question in a local restaurant Tuesday night. The question of whether it is cheaper to travel by automobile or by rail has been brought up again by the report that the railway passenger transportation will in all probability be given another boost within a short time.

One of the traveling men, who covers a large territory for a local wholesale concern, answered the question by stating that there is a decided increase in the demand for lighter car for traveling the roads. He said that the traveling men are able to cover more territory in lighter cars and do it better than others cars, and that, taken all in all, transportation will be much cheaper. He stated further that salesmen in all lines are finding this to be true and that their sales have mounted, owing to the fact that they are able to make from six to eight towns daily where heretofore they were unable to make but one to four.

A hint for the manager of the home laundry: A teaspoon of vinegar added to the last rinsing will keep white silk from getting yellow. Use a teaspoonful to several quarts of water; the acid will not be strong enough to crack the silk.

It's a fact—

THE American man wants real American style in the clothes he wears.

Why? Because the American figure is different, and requires styles based on it's own particular lines—styles to harmonize with manly, athletic simplicity.

And this store has such styles for the men and young men of your community—\$35.00 to \$75.00.

VICTIM OF PERSECUTION

Kentucky, home of hospitality, is being put to its strongest test. An ex-convict, who served several terms for burglary and just out of the Anamosa, Iowa, penitentiary after serving eleven years and three months of a fifteen-year sentence, the clear light of unflinching purpose in his honest blue eyes—for

they are honest, despite his record—is in Louisville asking for a chance to earn his daily bread. Hounded from town to town, forced out of three positions because of the vindictive persecution of the police, he has come hundreds of miles away from the scene of his former life to a place where he is unknown to make a new start in life, he declared.
